

Congratulations on your forthcoming wedding

Your wedding photographs should capture the emotion of the day and not just be a record of the event.

By hiring a professionally qualified, full-time photographer from Hallmark Photography, you can rely on a company with over 20 years expertise to deliver the kind of images that will

help you to relive your wedding day every time you open your wedding album.

It's important to feel at ease with the person behind the camera on such an important day and Hallmark Photography includes a pre-wedding shoot with every wedding booked. This is an opportunity to meet up and get to know one another in advance of the big day.

On the day of your wedding, we will be with you from the bride preparing for the ceremony through to your first dance as a married couple - depending on your choice of photographic service.

We aim to provide you with a wide choice of images in a combination of contemporary and classic styles and our emphasis is on ensuring that you and your guests have a great time, without having to pose for hours in front of a camera!

A variety of options are available - from inclusive photographic packages through to a tailor-made design service. depending on your requirements.

Hallmark Photography prides itself on its policy of honesty and flexibility.

We are happy to try and accommodate any particular special requirements that you might have, without adding outrageous charges.

Every couple who books their wedding with us receives as standard the following:-

- A pre-wedding shoot.
- At least one pre-wedding meeting to go over the details of the wedding day itself and/or a meeting at the wedding venue(s) to discuss any particular requirements a couple may have.
- 2 photographers in attendance on the wedding day.
- On-line hosting of images, with image gallery and on-line ordering facilities.
- Digital "proof album" of low res images - for the couple to keep.
- An album of images is also included as standard - sizes and quantities of images included is dependent on the chosen option.
